The Observatory is structured around several core activities: the publication of analyses, the co-publication of reference works, the production of video content, and the organization of events (conferences, roundtables, and symposiums) in France, the United States, and Canada.

Its main academic partners include **The Academy of Political Science**, founded by Columbia University in New York, the **Columbia-SIPA Urban and Social Policy Program**, and the **Raoul-Dandurand Chair in Strategic and Diplomatic Studies at the Université du Québec à Montréal**.

IRIS is one of the main French think tanks specialising in geopolitical and strategic issues. It is the only one to have the singularity of combining a research centre and a teaching centre delivering diplomas, via its IRIS Sup' school, a model that contributes to its national and international attractiveness.

IRIS is organised around four areas of activity: research, publication, training and event organisation.
